## GEO T. WHITE, AUTOMATION & V

As one of the leading Automation distributors Geo.T.White found a niche years ago in the automotive and automotive supplier industry. Since then Geo.T.White has diversified by recognizing a trend in the packaging, pharmaceutical, plastics, metal stamping and food and beverage industries. Each customer is individually supported by automation specialists who have years of experience in the industry. Constantly diversifying in a changing global economy Geo.T.White remains current, adaptable and knowledgeable with the best possible sales force and service available.
